Hi Caroline Caulfield. 😊

re: The Community Meeting for MVP residents.

I will be there IF 1st Ward Councilman DeFusco is not invited to attend. He hasn't shown his face around here since he was running for Mayor. As far as I'm concerned, he's a fast talker that should have nothing to do with MVP.

So...if he walks in (he doesn't live here), I will be walking out. Which is unfortunate because before retiring, I was never able to join the building meetings which were held during the day.

Other than that, I would love to hear from Mayor Bhalla.

Thanks so much!
